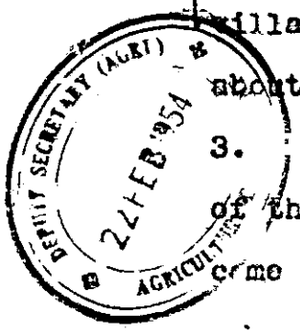
Sub: Veterinary and Agricultural -facilities.

Honoured Sir,

May the memorialist beg to approach you with the following few lines for your kind consideration and necessary action

1. That Perdoor is a village of Udipi Taluk situated about 12 miles to the East of Udipi Town and with a population of over 6000 -most of them being agriculturist, the whole village entirely depends on agriculture with no other facilities of life.

2. That the poor villagers keenly need the aid of the Government with regards to Veternity and Agriculture and so long as the Head-quarter of the vaternary Doctor was at Udipi the poor villagers thou h with some inconvenience could approach him when they needed his aid, but the Head-quarter of the Veternary Doctor having been shifted to Kota a place 16 miles from Udipi the poor villagers find it rather impossible to approach him who lives about 28 miles away from their village.



3. A Veternary Doctor at Udipi would serve the purpose of the whole area as all the villagers of Udipi Taluq have to come to Udipi for some or other purpose.

The memorialist therefore prays that the Head-quarter of the Veternary Doctor of Udipi may be directed to be restifted to Udipi so that the poor villagers may be enabled to have the facilities of a Veternery dispensery.
